ABOUT SHRI SOLAR

We are on a mission to deliver 10,000 world-class solar installations ensuring maximum performance, durability, and ROI for every project.

5.2MW

Total capacity installed

1252+

Happy customers

37+

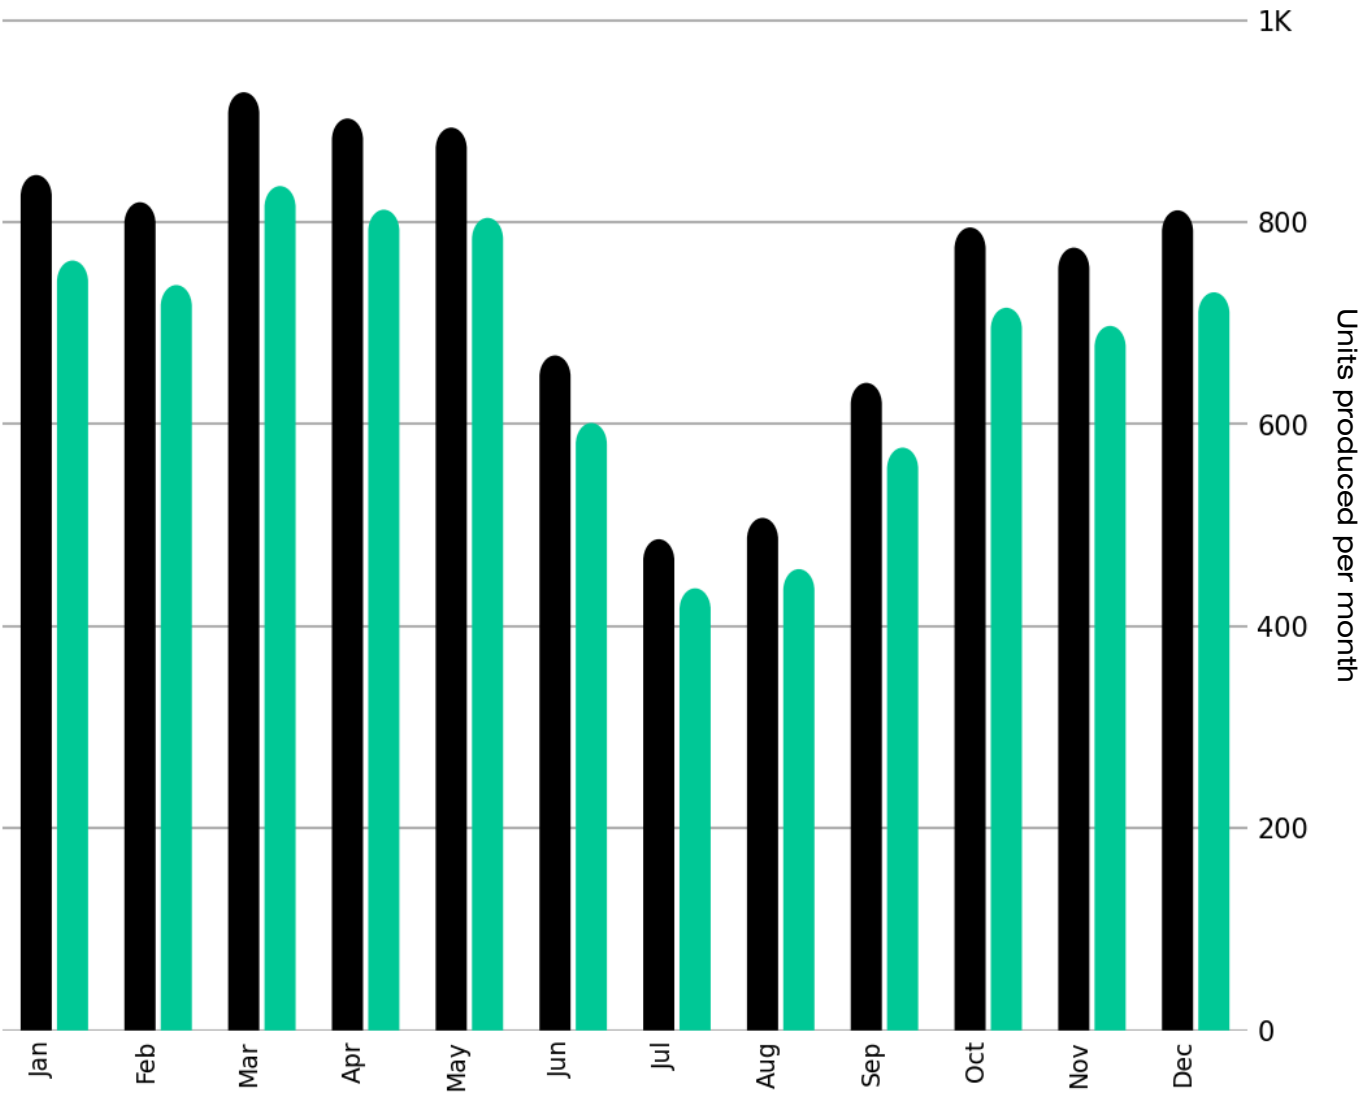

Cities

Each site is installed end to end with Free AMC & monitoring

GENERATION

ROUND THE YEAR GENERATION

75%

PR: Performance Ratio

32%

Monsoon Dip

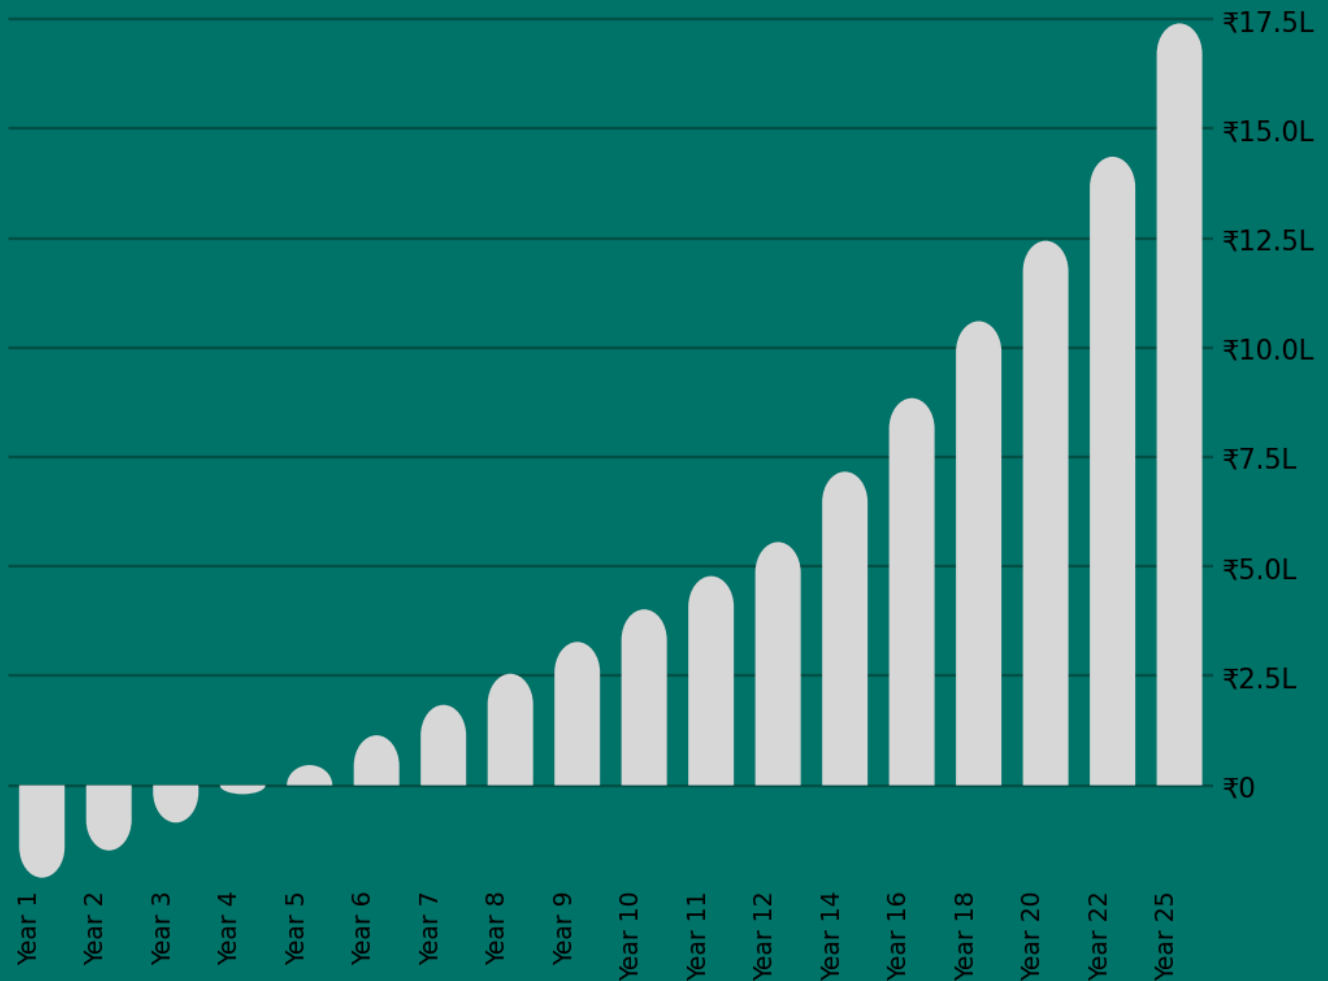

4.14

Average units per kW/Day

Generation figures are indicative and may vary with site conditions, weather patterns.

6KW ONGRID ROI

SOLAR IS ONE OF THE BEST INVESTMENT YOU WLLL EVER MAKE

₹60.8K

YEARLY SAVINGS

5 Years

PAYBACK PERIOD

₹17L

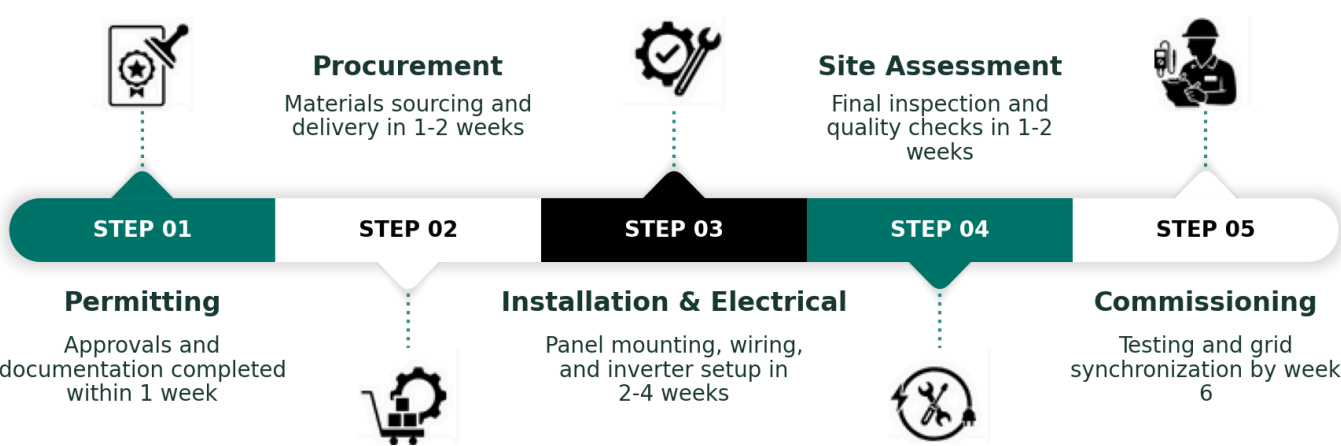

TOTAL LIFETIME
SAVING

Easy Financing Options Available

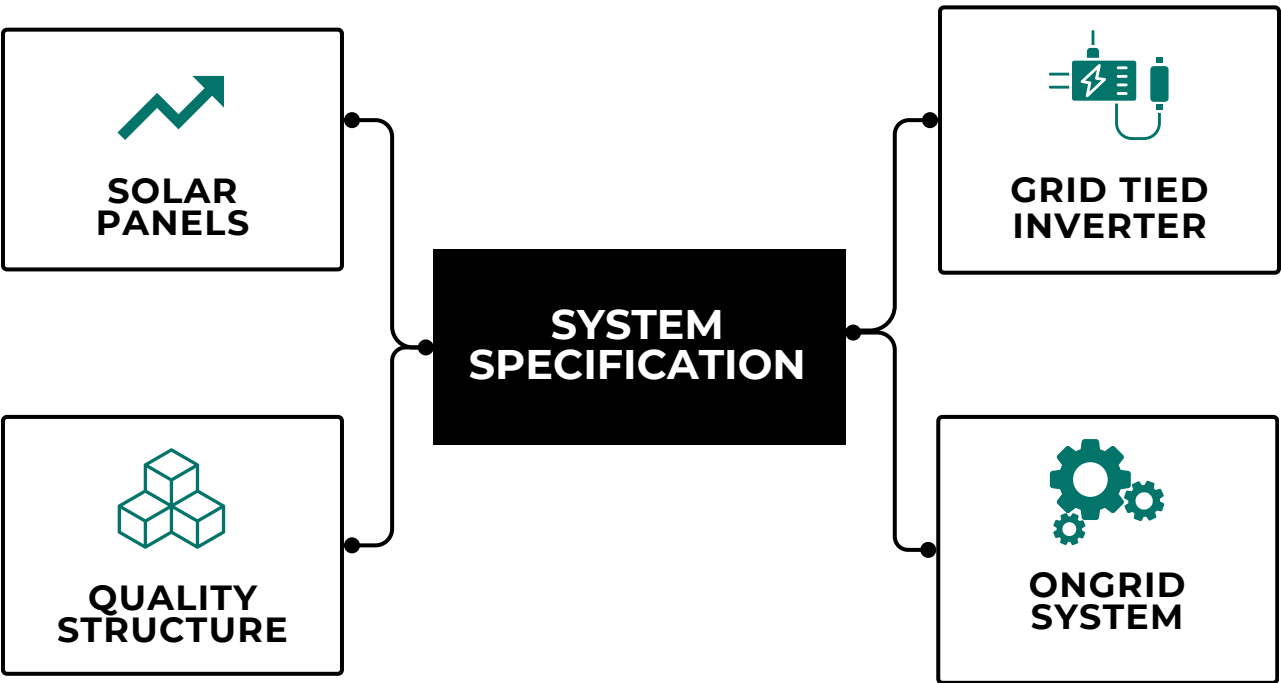

Residential starts at 6% only

TIMELINE

TIMELINE AND MILESTONES

SYSTEM SPECIFICATION

Net metering is entirely dependent on DISCOM, we don't control that process

SOLAR COMPONENTS

High-quality components from trusted **Tier-1 OEMs**, selected for performance, safety, and long-term ROI.

SPECIFICATIONS	BRAND	DESCRIPTION
 PANEL Type: Bifacial (11 panels) Capacity: 579 Warranty: 12/30 yrs (prod/perf)		Modules offering high efficiency with backside generation, long performance life.
 INVERTER Type: On-Grid (2 inverters) Capacity: 5 kW Warranty: 10 years	  Sungrow / Havells	Smart inverter featuring high conversion efficiency, Wi-Fi monitoring, advanced protection systems.
 CABLE Type: DC/AC Solar Cables Warranty: 8 years Spec: UV-resistant, Double Insulated	  Havells / Polycab	Premium DC 4/6 sq.mm and AC 10 sq.mm solar-grade cables ensures low-loss power transmission and UV resistance.
 ELECTRICAL Standard: HDGI Earthing, LA-25	  True Power / Tata Power	
 STRUCTURE Warranty: 25 years Weight: 12 kg/kW Standard: IS 2062, HDGI	  JSW Steel / Tata Steel	Hot-dip galvanized engineered for optimal panel orientation.
 SERVICES End-to-end Installation Support: Free AMC Ongoing monitoring	 Shri Solar	Professional installation with comprehensive after-sales support

OFFER & TERMS

COST

Description	Amount	Total
System Cost	Rs 3,21,396	Rs 3,21,396
GST Amount (8.9%)		Rs 28,604
Subsidy		Rs 78,000
Total Payable Cost		Rs 3,50,000

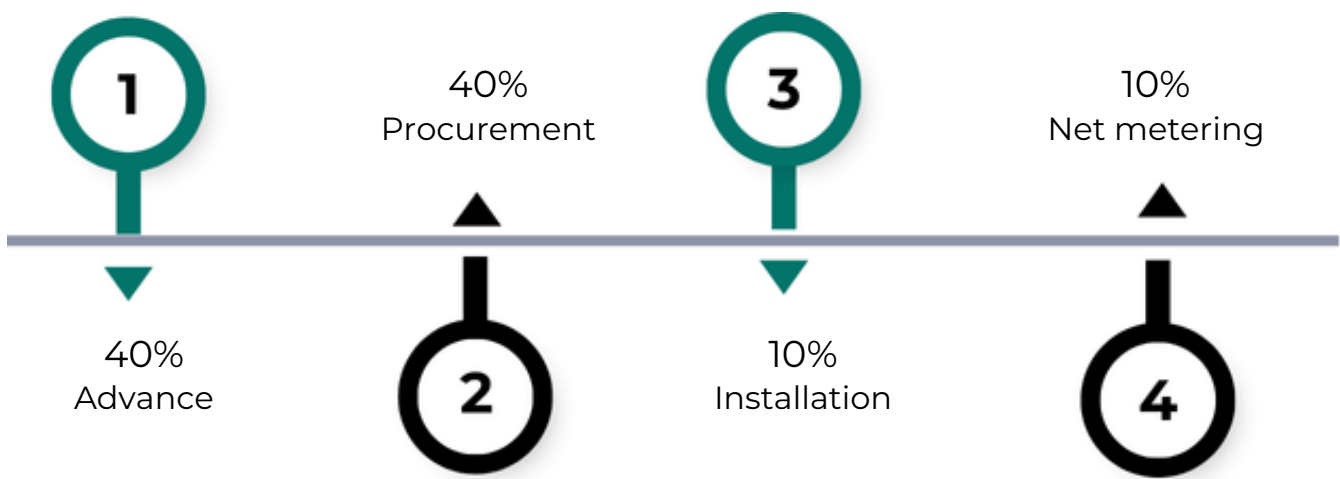

6kW ongrid solar system with tax @8.90% GST

SCOPE

What we cover under our services	
System Design	Free AMC & Monitoring
Installation	Commissioning

Delay in net metering is entirely on DISCOM, we don't control their operations

PAYMENT TERMS

ENVIRONMENT IMPACT

You are contributing to solve earth's biggest problem-
Climate Change

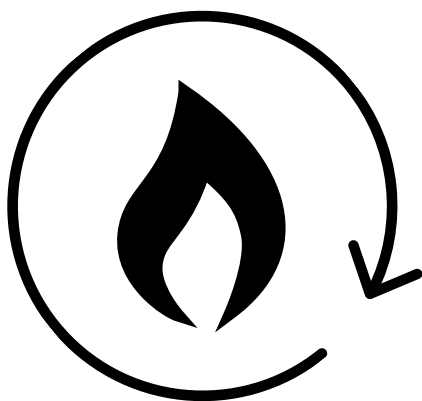

**CARBON DIOXIDE
OFFSET**

150.7 Metric Tons

**EQUIVALENT ACRES
OF FOREST**

6.8 Acres/Year

**COAL BURN
AVOIDED**

7.26 Metric Tons

THANK YOU

Looking forward to work and add value
